- Discipline/Behavioral problems (3 or more)

Suspension may be more appropriate than withdrawal if the three disciplinary/behavioral offenses were over an extended period of time

# HCC's Illness Policy for Children's Programs

It is often difficult for parents to know whether their children are too sick to attend Clubhouse programs. To limit the germs spread, please keep your children home when they are sick. Below you will find a checklist as to what illnesses require your child to stay home. Homestead Court Club is responsible for the care and wellbeing for all children enrolled. The Director and staff are ultimately the judge as to whether or not a child is healthy enough to attend the program.

Symptoms and illnesses that require a child to stay home:

- Colored discharge accompanied with another symptom,
- Fever over 100.5,
- Vomiting
- Diarrhea,
- Strep,
- Chicken Pox,
- Rashes,
- Flu,
- Pink Eye,
- RSV/Croup/Other respiratory diseases,
- Any other infectious disease.

If your child experiences these symptoms while they are at home, please keep them home for at least 24 hours AFTER they are symptom free. Children experiencing these symptoms at Homestead programs will be sent home immediately. They will not be allowed to return for 24 hours after these symptoms subside. The use of over the counter medications does not mean that your child is well enough to attend Homestead's programs. If your child is prescribed antibiotics, they must have 3 doses before returning to Homestead's programs.

Parents are expected to abide by Homestead Court Club's Illness Policy for Children's Programs as it is written. Families who violate this policy will receive a verbal warning. If a family continuously violates this policy, they will be asked to withdraw from the program.

# HCC's Behavior Policy for Children's Programs

Homestead Clubhouse believes in a positive approach to discipline and is committed to providing an environment where children feel safe, comfortable and have a genuinely good time. Behavior management policies shall be followed to protect the safety of all children and staff.

Staff shall ensure that each child is provided with a positive model of acceptable behavior. Children are encouraged to practice those skills that will allow them to resolve conflicts and have their needs met without the use of aggressive or destructive behaviors. This is a means of preventing behavior difficulties between children and lessen the need for disciplinary action on the part of staff. When situations occur, which require intervention, staff should provide children with clear explanations as to why specific behavior is inappropriate and help them to find an alternative behavior that fits within Clubhouse guidelines. These guidelines revolve around the concern for safety of all children and for the materials within the Clubhouse. Children will be encouraged to set short, positive rules for the Clubhouse.

If a child is displaying persistent, unacceptable behavior, the staff will take steps to help the child gain self-control. A staff person will first attempt to help the child understand the gravity of the behavior. Staff will then redirect the child to activities that hold the child's attention. This choice will be made with the child. If the behavior continues, the staff person will consult with fellow staff members and/or the director to develop alternatives for helping the child gain acceptable control of his/her behavior. If the problem persists, staff will contact the child's parent for suggestions and measures to take to extinguish the behavior. The goal is to help the child strengthen his/her skills of self-control. If the problem continues to persist, staff will fill out a Positive Behavior Support Form and inform the parent or guardian at pick up time of the child's behavior. (Staff will set a time with the parent or guardian to meet and collaborate to create a Positive Behavior Support Plan.) Separating the child from the group is a final step that would be taken if all other measures have been tried. If the child can not resort to behavior that ensures his/her own safety and the safety of others in the Clubhouse, and/or smooth operation of the program; the parent will be contacted and asked to pick up the child from the program.

Staff members must adhere to the following policies:

- No child should be subjected to emotional abuse, which includes but is not limited to name calling, ostracism, shaming, making derogatory remarks about a child or the child's family, and using language that threatens, humiliates, or frightens the child.
- No child should be subjected to cruel discipline. Physical restraint is prohibited, unless necessary to protect the health and safety of the child or others.
- No child should be subjected to the use of mechanical restraints, such as tying.
- No child should be subjected to corporal punishment, which includes but is not limited to rough handling, shoving, hair pulling, ear pulling, shaking, slapping, kicking, biting, pinching, hitting, or spanking.
- No child should be force fed or denied food as a punishment for unacceptable behavior. Neither will food be given as a reward for good behavior.

What's the deal: A \$5 lunch including a drink and an apple sauce.

How: Check the lunch option on the daily sign in sheet as you sign in your child.
