

# COMMUNITY MEETING

## Verizon Wireless' Proposed CO3 DT Edwards Facility

✓ BETTER CAPACITY

✓ ROBUST LTE SIGNAL

Verizon Wireless is working with the Eagle County School District to obtain approval of a facility located at 151 Miller Ranch Road that will improve service in your neighborhood within the City of Edwards.

**Verizon is hosting a community meeting on January 4<sup>th</sup>, 2018 @ 5:30 p.m. at 151 Miller Ranch Road (**Battle Mountain High School, Lecture Hall**), Edwards, to provide information about the proposed wireless facility in this area. Verizon encourages all community members to attend.**

Verizon's proposal will involve:

- Swapping of an existing football stadium light pole with a similar pole to support three sectors of Verizon antennas (12 antennas total) located above the stadium lights (see photo above).
- Construction of a new masonry monument sign for Battle Mountain High School to conceal the supporting ground equipment, including radio cabinets and a back-up diesel generator (see photo above).
