Intersection of US 6 and Edwards I-70 Spur road

This is a two lane oval shaped roundabout intersection.
Small retaining walls are needed near the Gashouse

Landscape character is similar to Miller Ranch Road
Roundabout, to blend with Phase 1 landscape theme.

New north-south multi-use recreation path along east
side of spur road. New trail connection along west side
of spur road to Eagle River pedestrian bridge.

Pedestrian push button activated LED flashing signs at
crosswalks on all legs of roundabout

I-70 G Edwards Interchange Upgrade Phases 2

Artist simulation of a roundabout at the
intersection of US6 & I-70G
Same view as existing conditions above
