Eagle County Road Maintenance Reminder

Eagle County Road & Bridge is responsible for the safety and maintenance of the roads and right-of-ways in Homestead. If the roads become unsafe due to adverse weather, you may call 970-479-2201 to notify Vail Dispatch of a dangerous situation. The Eagle County Road & Bridge Department and Homestead want to remind Homeowners that it is against the law and Homestead regulations to plow snow from driveways onto the public road right-of-ways and sidewalks. When Homeowners do this it causes the roadway to narrow and makes it difficult for buses and emergency vehicles to safely and quickly maneuver through the streets. Please be sure to store your snow from your

driveway safely away from the Eagle County right-of-ways and sidewalks in your designated snow storage areas to help maintain a safe neighborhood. If you have any questions, concerns or suggestions regarding the roads in Homestead, please contact Gordon at Eagle County Road & Bridge Department at 970-328-3542 or email road@eaglecounty.us.

BABY & ME BLAST - Fun, all-levels fitness class for moms (dads, too!) and their new babies aged four weeks to approximately nine months (pre-crawling). Your babies will relax on yoga mats and blankets while they watch you bounce back into shape!

BODY SHOP— Join Nichole for a full hour of weight training. This class will focus on building strength and balance while using proper form.

CARDIO FUSION - Join Amie for a blend of cardio, intervals, weights and core to sculpt the entire body.

CARDIO TENNIS - Join Homestead's Tennis Pros for this fun group activity featuring drills to give players of all abilities an ultimate, high energy workout.

CORE - Join Heidi Trueblood for a invigorating 30 minute class that focuses on building core strength.

GENTLE YOGA—Gentle yoga is a class designed for the practitioner who is newer to yoga, recovering from an injury, or is looking for modifications to all postures. Our instructor creates a safe environment through alignment to explore your personal boundaries while building strength and flexibility. This practice excludes all inversions and extreme backbends.

HATHA FLOW YOGA - Based on traditional Hatha Yoga poses and the principals of alignment, the flowing moves encourage breath and movement synchronization. Focus is on body awareness and working within personal limits while building strength & flexibility with a calm mind.

MASTERS SWIM - Join coach Erinn for a structured swim workout designed to help you improve your fitness or train for specific goals. Open to all levels.

PILATES MAT CLASS - An exercise system focused on increasing flexibility and strength for the total body without building bulk. No apparatus is used during this class.

POWER VINYASA YOGA – Start your morning by moving with breath in this invigorating Baptiste style yoga class. You will be encouraged to use your breath, to come into your body, to clear your mind and to discover your true power. Expect to sweat and challenge yourself with both movement and powerful, athletic postures.

SKI CONDITIONING — Strength training is combined with speed work, plyometrics, and agility training, to develop power and endurance for the ski season. This class will get progressively harder as the weeks go on!

SPIN - A cardio workout without comparison. All instructors incorporate climbing, intervals and steady state training. Guaranteed to make you sweat! Each instructor creates a different design for each class.

S.I.T.— “Strength and Interval Training.” Another high energy conditioning class utilizing the step, bosu, weights and intervals to keep your heart pumping!

SUPER SCULPT-- This class will focus mostly on core and legs, while using other muscle groups in a functional training setting.

SUNRISE YOGA — Welcome the new day with a flowing vinyasa class to energize the mind and the body.

TURBO KICK — Learn kickboxing skills choreographed to energizing music. Using no equipment, this kickboxing workout incorporates a number of upper body punches and lower body kicks.

TRX TRAINING — The much talked about TRX is a total body suspension training system. By using your own body weight and vector angles the TRX system provides a well-rounded workout for the entire body.

VINYASA FLOW YOGA— In this yoga class the teacher will encourage you to synchronize your breath to the movement from one pose to the next on an inhale or an exhale. This style of yoga allows for a lot of variety, but you can expect movement, not just stretching.

ZUMBA — Zumba Fitness is the only Latin-inspired dance-fitness program that blends red-hot international music, and contagious steps to form a "fitness-party" that is downright addictive.
