NTRP Rankings

- 3.5** - This player has achieved improved stroke dependability with directional control on moderate shots, but still lacks depth and variety. This player exhibits more aggressive net play, has improved court coverage and is developing teamwork in doubles.
- 4.0** - This player has dependable strokes, including directional control and depth on both forehand and backhand sides on moderate shots plus the ability to use lobs, overheads, approach shots and volleys with some success. This player occasionally forces errors when serving. Rallies may be lost due to impatience. Teamwork in doubles is evident.
- 4.5** - This player has begun to master the use of power and spins and is beginning to handle pace, has sound footwork, can control depth of shots, and is beginning to vary game plan according to opponents. This player can hit first serves with power and accuracy and place the second serve. This player tends to over hit on difficult shots. Aggressive net play is common in doubles.

If you are unsure about your NTRP level, a Homestead Tennis Pro will gladly assess your NTRP level.

League Ladder Explanation

Players play one set no-ad scoring (receivers choose) with each player on their court, tie breaker played a 5-all. Set is first to 6 games. Player with the most games won on your court moves up (or stays if on top court, court 7 at 6:00) and the player with the least games won moves down a court (or stays if on bottom court, court 8 at 7:30). The other two players stay on the same court for their match the next week.

Tie is decided by spinning the racquet. All subs points count, but a sub can only hold your spot or move you down. A sub may not move you up.
